

A testimonial about the care we offer at The Argyle

Dear Gerry,

I wanted to share some thoughts about my mother, Mary Sutphin, and her stay at the Argyle. Mostly, I would like to thank all the staff for their kindness to our elders that, in a world dominated by money, cannot be purchased anywhere at any price.

Her stay at the Argyle proved not only to be special to her but somewhat an honor as well. The history of the institution and the building itself bestows a certain grace that seems only recognizable to the elderly and is otherwise unknown in the America we now reside. She was in a good place for her.

I am happy to say the higher care facility where she moved is a decent place but lacking in the environment the Argyle provided at a much lower cost. She will be 100 years old in May. I hoped we would celebrate that occasion at the Argyle like last year, when the staff sang to her in English and Spanish. My family was very grateful for such a kind and thoughtful gesture.

Again, my family and I would like to thank all those with whom we shared time at the Argyle and wish only the best for all of you. May you continue for another 120 years.

Sincerely

We have availability in assisted living – call 303-455-9513.
