RESIDENT Town Meeting

Monthly Resident Meeting

Q: Can we get clarification on Sick Room Trays?

A: Sick trays are free and consist of soup at no charge. If residents have a doctor's note they can get anything from the menu at no charge. If a resident wants something other than soup and does not have a doctor's note their will be the charge.

Q: When will the WIFI get fixed?

A: We have hired a new IT company and we upgraded our WIFI capability with comcast. The new IT company is working on it and we hope to have these issues resolved soon.

Q: What can be done when a resident's behavior in the dining room is not appropriate?

A: Communicate with Julio or the other kitchen staff and let them know what is going on. If appropriate they will address it with the resident privately or involve other members from the Leadership team depending on what is going on. As a reminder the dining rooms are all open seating and there is no saving of seats.

Q: How do the residents find out when there has been a change in an activity or other update?

A: Life loop is how we communicate with our residents. Residents should sign up to have life loop on their smart phone's and receive push notification on them. Activities can help with this if you need. Also, you can look at the Life loop Tv's around the community.
